

CV

1.NAME SURNAME: Sevda ASQAROVA

2.DATE OF BIRTH: 01.10.1954

3.TITLE: Prof. Dr.

4.EDUCATIONAL BACKGROUND:

| DEGREE | FIELD | UNIVERSITY | YEAR |
|---------------------|---------------------------------------|---|------|
| 1.Bachelor's Degree | Piano | ADK | 1969 |
| 2.Bachelor's Degree | Psychology | MDÜ | 1973 |
| 1. Master's Degree | Musicology- Psychology | MGK | 1973 |
| 2. Master's Degree | Pedagogy | Russian International Academy of Sciences | 1978 |
| 1.Doctoral Degree | Cognitive Musicology- MusicTherapy | Russian International Academy of Sciences | 1982 |
| 2.Doctoral Degree | Psychology-Pedagogy | Russian International Academy of Sciences | 1986 |

5.ACADEMIC TITLES:

(in two different disciplines)

ASSOCIATE PROFESSOR - 1986,1992

PROFESSOR -1994,1997

6. MASTER'S AND DOCTORAL THESIS MANAGED:

6.1.* Thesis Supervising in the Last Two Years;

- Sensory Effects of Occupational Therapy in Children with Screen Exposure
- Telerehabilitation as an Occupational Therapy Intervention on Mental Health in the Covid-19 Pandemic
- The Effect of Person-Centered Occupational Therapy Interventions on Independence Level, Health Perception and Psychopathological Symptoms in Psychiatric Patients Hospitalized for Psychotic Disorder
- Pain Observed in Individuals with Traumatic Hand Injury and Psychosocial Perspective
- A Perspective of Occupational Therapy for Relieving Cognitive Decline and Increasing Functioning in Individuals with Schizophrenia

- The Effects of Value Orientations on the Attitudes of University Students on Spouse Choice
- The Effect of Ergotherapy on Mental Health in the Covid-19 Pandemic
- The Effect of Ergotherapy in the Treatment of Carpalotherapy Syndrome Location
- Examination of Self Differentiation in Married Couples in Terms of Relationship Satisfaction, Relationship Adjustment, Conflict Resolution Reactions, Relationship Jealousy, Relationship Forgiveness and Emotional Attachment to Spouse
- Investigation of the Relationship Between Self Differentiation, Perceived Stress Level and Psychological Resilience
- Family Education and Occupational Therapy Interventions in the Pandemic Process of Newborns with Edward Syndrome
- Working Hours of Couriers during the Pandemic Period. Life Role Balance Investigation of Scales and Exercises Used in Vestibular System Rehabilitation
- Rehabilitation Processes for Reducing Pain and Mobility Restriction in Individuals with Kienböck's Disease
- Intervention in a Child with Hematopause in the Pandeparesis Process Evaluation of Efficacy
- Occupational Therapy in Children with Somatodispraxia Interventions
- Virtual Reality Applications in Individuals Who Have Lost Their Independence
- The Role of Occupational Therapy in the Prevention of Relapse in Individuals Treated for Substance Abuse
- Occupational Therapy in De Quervain Tenosynovitis Disease
- Ergotherapy Intervention in Children Convicted in Crime
- Upper Extremity Effects of Intensified Sensory-Based Therapy in Chronic Stroke Patients
- Impact on Upper Extremity Functions and Daily Life A
- Covid Investigation of the Effect of the 19 Pandemic on the Activity Role Balance of Teachers
- Special Education and Rehabilitation in the Process of Covid 19 Prohibitions Examination of Children with Cerebral Palsy Staying Away from Treatment Centers and Clinical Treatment
- Examination of internet addiction and depression level of adolescents with curfew in the Covid 19 epidemic

- Investigation of Sleep Quality in terms of Quality of Life in Individuals Working During the Covid 19 Epidemic Process
- Physical Relief in Parkinson's Patients with Sound Therapy Crystal Bowl Occupational Therapist Interventions in the Treatment of Sudeck Atrophy
- Hippotherapy-Assisted Occupational Therapy Approaches in Children with Autism
- The Contribution and Importance of Physical and Psychological Violence Against Women from the Occupational Perspective of Role Competence
- Fatigue in Multiple Sclerosis Patients in the Covid-19 Period, Emotional- Problems and Occupational Therapy Intervention Evaluation
- Interdisciplinary Evaluation of Parameters Affecting the Stress Level of Office Workers
- The Effect of Music and Art on the Motivation of Construction Workers
- Occupational Therapy Interventions and Neglect Management that Can Be Applied to Individuals with Right Parietal Lobe Lesion during the Covid-19 Pandemic Process
- Investigation and Evaluation of Psychological Resilience Levels of Parents of Children with Special Needs who and those who did not receive Occupational Therapy
- Participation of Veterans in Life with Causes of Injury Research
- Examining the Role and Importance of Occupational Therapy Interventions in High-Risk Infants
- The Effect of Occupational Therapist's Contribution to Family Education on Child's Academic Performance
- Examining the Awareness of the Families with Special Needs towards the Covid-19 Pandemic
- The Effect of Interdisciplinary Studies of Child Development and Occupational Therapy on Increasing the Quality of Life of Adolescents
- Examining the Effects of Studies Applied in Water to Children with Down Syndrome on Gross Motor Functions
- Vital Process and Occupational Therapy in Women Subjected to Domestic Violence Interventions
- Supporting the Education and Training of Special Education Students with Activity
- Multiple Sclerosis Has The Relationship Between Role Loss in Their Childhood and Life Satisfaction Was Not Researched
- Examining the Parenting Attitudes of Parents of 3-6 Age Group Children

- Examining the Effect of Spousal Support of Parents with Special Needs Children on Spousal Burnout during the Covid-19 Period
- Consciousness Levels of Mothers with Premature Babies to Neurodevelopmental Support in the Pandemic Period The Role and Effect of the Program
- The Effect of Neurocognitive Characteristics of the Mother's Well-Being During Pregnancy on the Behaviors of the Postnatal Child in Later Ages
- Neurodevelopmentse l The Effect of Postural Control and Sensory Processing on Executive Functions in Children with Disorders
- Occupational Intervention for Screen Exposure Problems of Children with Developmental Retardation
- Motor Problems Occurring in Stroke Individuals and the Role of Occupational Therapy in Treatment Principles
- Academic Success and Working Memory of Occupational Therapy in Students with Learning Disabilities during the Pandemic Period
- Determination of possible treatment options and personalized intervention program for injury in individuals diagnosed with De Quervain's Tendinitis.
- Occupational Therapy Intervention Approaches in the Treatment of Type 2 Diabetes
- The Effects of Perception of Gender Roles and Value Orientations on University Students' Spouse Choice Attitudes
- Investigating the Relationships Between Separation Anxiety and Attachment Styles in Adults Who Experienced the 17 August 1999 Gölcük Earthquake
- The Relationship Between Psychosocial Adaptation and Defense Mechanisms in Dialysis Patients
- The Role of Ergotherapy in Dyslexia and Occupational Therapy Approaches in Conversion Disorders Examining Mindfulness-Based Stress Reduction Techniques
- The Effect of Anxiety and Depression on Cognitive Emotion Regulation in Women Exposed to Different Types of Violence
- The Relationships between Self-Esteem, Social Support and Emotional and Social Support and Loneliness in Dispossessed Women
- The Effects of Music Therapy on Depression, Functioning, General Psychopathology Clinical Parameters in Patients with Schizophrenia
- In Breast Cancer The Psychology of Having a Mastectomy, A Comparison Between Breast Cancer Diagnosed and Healthy Women - Investigation of Stress and Anxiety in Occupational Safety Experts

- Examination of Sensory and Behavioral Changes in Children After Studies on Touch Sense in Children with Autism Spectrum Disorder
- The Relationship Between Attachment Style in Romantic Relationships and Jealousy Regarding the Use of Instagram
- The Effect of High School Seniors on Exam Anxiety Levels
- Employees and Retirees Encountered in terms of Occupational Health and Safety Examining Problems
- Conversion Disorders Investigation of Mindfulness-Based Stress Reduction Techniques
- Assistive Device Applications for Physical Affects on Return to Work in Upper Extremity Amputations
- The Effects of Movement Training and Educational Play in Childhood Disintegrative Disorder
- The Process of Returning to School after a Young Adult's Medulla Spinalis Injury
- Comparison of Early and Late Mobilization Results in Rehabilitation of Hand Tendon Injuries
- Examination of Self-Regulation in Children with the Disorder - The Effect of Colors on Students with Intellectual Disabilities
- Autism Spec Investigation of Sensory Integration Therapy According to the Peo Model in Children with Disorders
- Sleep Physiology and Healthy Sleep
- Occupational Therapist Support and Intervention in Preschool Education and Dysgraphia in Children with Dyslexia
- The Effect of Sensory Integration Problem on Mood-State Change in Bipolar Disorder
- Ergotherapy Applications in Specific Learning Disability
- Cerebral Palsy Sports Activity Practices for Muscle Tone in Children
- Effects of Play-Based Occupational Therapy Interventions in Children Sexually Abused
- Restoration of Decreased Smell Sense After Olfactory Groove Meningioma Surgery with Occupational Interventions
- Use of Assistive Technology in Ergotherapy (on a 3D Printer)

- Ergotherapy Applications for Individuals with Dyslexia and Examination of Cognitive Functions of Individuals with Dyslexia The Effect of Vestibular Stimulus Use on Hand-Eye Coordination in Occupational Therapy Interventions in Children
- Activity Performance of Occupational Therapy Applications in Individuals with Schizophrenia Effect on Mental Health
- Evaluation of Occupational Therapy Approaches and Interventions in Individuals with Spino Cerebellar Ataxia
- Occupational Therapy Activity Plan for Visual Perception Communication in Dyslexia According to Examined WIC-R Test Results
- Ergotherapy Interventions to Improve Quality of Life in Stroke Patients (Research on Dance and Music Therapy)
- Cerebral Effects of Hippotherapy on Proprioceptive and Vestibular System Development in Individuals with Palsy
- Occupational Therapy for Improving Writing Performance in Children with Dysgraphia Studies
- Evaluation of Social Engagement of Inclusion Students
- An Investigation of Sensory Integration Therapy According to the COPM Model in Children with Autism Spectrum Disorder
- The Triggering Anxiety of Violence Against Women
- The Effects and Uses of Reflexology in Panic Attack and Depression in Occupational Therapy
- The Relationship of Child Yoga as a Model in Occupational Therapy Between Cognitive, Physical, Social, Emotional and Social Loneliness
- The Effect of Ergotherapy Approaches on Functional Independence and Activity Participation in Individuals After Hand Finger Replantation
- Occupational Therapy Activities on the Vestibular System in Children with Hemiparatic Cerebral Palsy
- Rehabilitation Provided by Music to the Individual
- Occupational Therapy Applications for Increasing Physical and Social Well-being of Persons Working at Desks
- The Role and Importance of Siblings in the Emotional Development of Children with Mental Retardation through Occupational Therapy Interventions

- The Effect of Visual Perception Skills on Handwriting and Written Expression in Individuals with Dyslexia
- COPM Evaluation Practices of Spinal Cord Practices
- Post-Stroke Mental Stimuli in the Upper Extremity Using Occupational Therapy Approaches
- Occupational Therapy Approaches in Breast Cancer
- Play Therapy as Occupational Therapy Activities in Children aged 4-8 years diagnosed with ADHD
- Occupational Therapy Activities on Cognitive Rehabilitation in Alzheimer's Patients
- The Effect of Cerebral Palsy Problems on Activities of Daily Living and COPM focused analysis
- An Occupational Analysis of the Quality of Life of Syrian Citizen Immigrants Coming to Turkey After the Syrian Civil War
- Music Therapy and Office Practices
- Ergotherapy Intervention in Bipolar Disorders Role and Importance
- Occupational Therapy in Dyslexia
- The Effects of Occupational Therapy Interventions in Individuals with Autism on Individual Independence
- The Effect of Farajil X Syndrome on Genetics Adaptation of People to Social Life and General Information on Genetic Diseases
- The Role and Effect of Occupational Therapy in Combating Muscle Weakness in MS Patients
- Use of Hand-Finger Robots and Ergotherapy Applications in Individuals with Traumatic Brain Injury
- Occupational Therapist Family Communication Collaboration
- Function Per Function in Individuals with Rheumatoid Arthritis with Knee Involvement Providing Fomans Gain and Home Modification
- Canadian Activity Performance Evaluation in Patients with Lateral Epicondylitis
- Effects of Occupational Occupational Therapy Interventions Based on Visual Residue in Individuals with Low Vision on Independence and Functionality

- Dressing Problems Caused by Weakness in Fine Motor Skills in Children with Down Syndrome
- The Need for Sexual Intimacy Scale; Sample of Turkey
- The Effect of Creative Drama Education on Attention Development of 60-72 Months-Old Children
- Adaptation of Behavioral Self-Regulation Scale for Effective Relationships into Turkish, Reality and Reliability Study

*(Examples are given in the original language) Развитие абстрагирования у младших школьников Сложность проблемы объясняется тем, что мышление имеет множество аспектов изучения, множество сторон, связей и особенностей. Одним из аспектов изучения проблемы мышления, которому уделяли большое внимание психологи разных стран - было исследование отдельных мыслительных процессов или операций. К ним относятся такие, как сравнение, классификация, обобщение, абстрагирование. Актуальность изучения этой операционной стороны общего процесса мышления не уменьшалась при изучении мышления как целостного познавательного процесса, которое характерно для работ последних лет. Ведь познание целого требует и изучения его частей и сторон.

8. ADMINISTRATIVE DUTIES:

- Overseas- Dean of Master's and Doctorate, Specialized Research Faculties
- Domestic - Head of Department of Master's and Doctorate Programs
- Coordinator of Psychology Guidance and Counseling Center.
- Head of Department of Pedagogy and Psychology and SBE Graduate Psychology Department
- Head of Occupational Therapy Department and Main Science, Faculty of Health Sciences
- Founder of Department at AU, AKU and MKU Universities - Head of Department
- Founder and Head of Master's and Doctorate Programs
- Head of TU Psychology Department
- Head of GU Psychology Department
- UU Psychology Department Coordinator
- Head of the Occupational Therapy Department and Department of the Faculty of Health Sciences of U.U.

- U.U. Head of Occupational Therapy Department
- U.U. MÜTEM -Music Therapy Application and Research Center Manager

9. INTERNATIONAL CERTIFICATES AND AWARDS:

- European Union Project Management Training Certificate
- Green Irmak Project Management Training Certificate
- Music Children's Imagination - UNESCO award-winning book
- 1st Prize at the International Psychology Congress
- 1st Prize at the International Pedagogy and Psychology Conference
- International Music Pedagogy, Creativity and Educational Psychology Congress. 1st Prize Strasbourg
- 2nd prize in the international competition .Oxford 1997
- Prime Ministry and Presidential Awards
- Turkey Education Foundation Award
- OXFORD Award
- UNESCO Award

10. INTERNATIONAL JOURNAL REVIEW:

I am on the referee board of the journal Pinnacle Medicine & Medical Sciences. (ISSN:2360-9516). editorial board of Pinnacle Medicine & Medical Sciences:

<http://www.pjpub.org/pmms/pmmsboard.htm>

Are the duties of an peer reviewed board member:

Developing and maintaining a network of contacts to act as advocates for the Journal
Managing the Journal's double blind peer review process, with the assistance of an Editorial Review Board, and delivering appropriate content for the journal

Attending conferences or similar events to promote the Journal

Working with the Journal Publisher (at Pinnacle Journal Publication) to achieve agreed development objectives for the Journal and to raise its international profile

Make recommendation for publication at least 3 articles a year in any of the Pinnacle Journals.

OPUS Journal of Society Research

Turkiye Klinikleri Journal of Health Information

Journal of Health Sciences and Management

Artuklu International Journal of Health Sciences

11. PROJECTS:

- I have Project Management EU Certificate
- I have EU Project Training Certificate
- Imagination with Music - Oxford Project Award (II prize)
- Deti... Muzika... Voobrajenie- UNESCO Award
- Vorçeskaya Therapy (For Occupational Therapy) RAN award
- Hatay – 70 Prime Ministry awards
- Hold on to Life with Music (Occupational Therapy Project)
- Positive Adaptation Positive Balance in Occupational Therapy – Recognized by the Ministry of Youth and Sports
- Creative Brain

- A New Method for Reducing Menopausal Symptoms: Music Therapy–
- Projects made within the scope of TÜBİTAK 2018 Barrier-Free University course:
- Tap and Listen (TÜBİTAK supported)
- Be the Voice (TÜBİTAK supported)
- We Are Everywhere
- Peer Bullying
- Ergotism
- Music Therapy in Alzheimer's
- Music Interventions for Dementia and Depression in Elderly Care (Middel): International Trial
- Integration of Emerging new Technologies into Education and Training (Dance Education for Mentally Handicapped Children and Adults)
- "Be My Light" Artistic Transformation Project for Recognizing Colors with Snoezelen Therapy Method for Visually Impaired Individuals
- Music Therapy as Alternative Therapy for Stress and Anxiety Treatment in Occupational Safety Specialists
- Musical and Non-Music Therapy Applications for Alzheimer's Patients
- Şizgenç

12. STUDENT CLUBS ADVISORY:

U.U. Occupational Therapy Club Founder and Consultant

U.U. Occupational Dyslexia Club Founder and Consultant

Founder and Consultant of U.U Cerebral Palsy and Occupational Therapy Club

Founder and Consultant of U.U Sensory Integration and Occupational Therapy Club

13. ERGOTHERAPY ERASMUS PROGRAM ADVISORY:

Starting from 2018, Erasmus Coordinator of the Occupational Therapy Department (In 2019, 4 Occupational Therapy Students are provided with internship opportunities in Germany, Spain, Italy and Greece within the scope of the Erasmus Project.

14. UNDERGRADUATE AND GRADUATE COURSES GIVEN IN THE LAST TWO YEARS:

A) COURSES GIVEN IN THE FALL SEMESTER OF 2021-2022 ACADEMIC YEAR

| COURSE CODE | COURSE NAME | DEGREE - UNDERGRADUATE | ECTS | NUMBER OF STUDENTS | EVALUATION |
|--------------------|---|-------------------------------|-------------|---------------------------|-------------------|
| EBR 213 | Occupational Therapy Approaches | - | 4 | 11 | 3.42 |
| ERG 125 | Introduction to Occupational Therapy | - | 3 | 36 | 3.33 |

| | | | | | |
|----------|---|--------------------------|----|----|------|
| ERG 257 | Methods of Coping with Stress in Occupational Therapy | - | 3 | 77 | 3.4 |
| ERG 337 | Interdisciplinary Approaches in Rehabilitation | - | 3 | 69 | 3.21 |
| ERG 381 | Clinical Education I | - | 4 | 21 | 3.16 |
| ERG 435 | Clinical Education III | - | 16 | 20 | 3.28 |
| ERG 441 | Evidence-Based Occupational Therapy Practices | - | 6 | 45 | 3.08 |
| ERG 501 | Occupational Therapy Theories and Models | Master courses | 6 | 31 | 3.49 |
| ERG 503 | Advanced Measurement and Evaluation in Occupational Therapy | Master courses | 6 | 31 | 3.61 |
| GRADUATE | NP Hospital – M.T. With Clinical Psychology Interns Lecture/Consult. | NP Brain Hospital | | | |

** The overall evaluation score of the student in the course/learner evaluation form.*

COURSES GIVEN IN THE SPRING SEMESTER OF 2021-2022 ACADEMIC YEAR

| COURSE CODE | COURSE NAME | DEGREE - UNDERGRADUATE | ECTS | NUMBER OF STUDENTS | EVALUATION |
|--------------------|--------------------------------------|-------------------------------|-------------|---------------------------|-------------------|
| ENS 550 | Seminar | - | 1 | 30 | 3.51 |

16. 'CORONA Diaries' PUBLISHED ONLINE DURING THE COVID-19 PANDEMIC:

Programs in which I am the Founder of the 'Occupational Therapy Interventions' Platform:

Corona Diaries with Zoom: Occupational Therapy Interventions I:

Prof. Çiğdem Çekmece: 'Applications to Increase Hand Use in Pediatric Cases During the Pandemic Process' Specialist

Ph.D. Onur Aşkar: 'The Importance of Ergotherapy Based Motor Learning in the Coronavirus Process' Sensory Bust. exp.

Ebru Sidar: 'Supporting the Child at Home with Sensory Integration in Quarantine Days'

Specialist Psk. Hüma Çolakoğlu Zengin: 'Psychological Support to Families in Occupational Therapy Interventions During the Covid-19 Pandemic'

Corona Diaries with Zoom: Occupational Therapy Interventions II:

Erg. Rümeyza Coşkun: Activities that Can Be Done at Home for Children with Developmental Coordination Disorder during the Quarantine Period

Erg.İsa Kör: Planning the Activities of Daily Living During the Pandemic Process

Erg.Bilgesu Varol: Orientation of Parental Approach to Children with Special Needs by the Occupational Therapist in the Covid-19 Process

Erg. Emre Savaş: The Importance of Occupational Therapist and Family Communication in Autism Spectrum Disorder During the Epidemic Period

Corona Diaries with Zoom: Occupational Therapy Interventions III:

Erg.Selen Okay: Evaluation of Hand Skills and Supporting with Activities During Quarantine

Erg.Ali Rıza Antepioğlu: Occupational Therapy Approach in TRSM during the Pandemic

Erg.İremur Soylu: Parent-Child Interaction During the Pandemic Period

Erg.Cln.Psk.Burak Çebi: During the Covid-19 Process Comp and Kawa-Based Occupational Therapy Interventions in Occurring Psychiatric Disorders

Corona Diaries with Zoom: Occupational Therapy Interventions IV:

U.U. Dyslexia and Occupational Therapy Club: Occupational Therapy Support and Interventions for Children with Dyslexia During the Quarantine

Erg.Sena Colonel: Occupational Therapy Interventions on the Writing Skills of Children with Learning Disabilities During the Pandemic

Lecturer Tuğçe Akbulut: The Role of Music and Its Effects on the Healing and Development of Children with Learning Disabilities during the Quarantine Process

Erg. Amine Kalkan: Participation in Activities of Daily Life in Individuals with Learning Disabilities during the Covid-19 Period.

Erg.İsa Kör: Family Collaboration in Occupational Therapy for Specific Learning Disability in the Corona Process

Corona Diaries with Zoom: Occupational Therapy Interventions V:

Lecturer Yavuz Sultan Selim Kavrik: Virus and Biopsychosocial Approach Specialist

Doctor Emre Erdem - Erg. Neşe Erdem: Assistant Professor of Early Intensive Rehabilitation Camp for Neurological Patients After the Pandemic

Zeynep Bahadır Ağce: How Should We Protect Our Health After Covid-19

Erg.Shahram Mohseni: ICF-CY Based Structural Equation Model of Activity Participation Factors in Children with Autism

Corona Diaries with Zoom: Occupational Therapy Interventions VI:

Erg. Aslı Kaya: Child-Play-Environment Relationship and School Preparation Process

Erg. Şükriye Eser: Protective Interventions in Occupational Therapy and Environmental Arrangement

Erg. Leyla Ak: Planning and Implementation of Online Occupational Therapy Sessions

Erg.İrem Rana Bolat: Occupational Therapy Interventions for Sleeping Problems in the Covid 19 Period

Corona Diaries with Zoom: Occupational Therapy Interventions VII:

Erg.Hande Çelik: Occupational Therapy Interventions for Individuals with Chromosomal Disorders During the Covid-19 Epidemic

Erg. Kübra Erdoğan: The Role of Occupational Therapist in the Use of Occupational Time for Children During the Pandemic

Erg.Furkan Cangı: The Importance of Regulation in Children with Special Needs in the Time of Corona

Erg.Rabia Tuğçe Karaman: Occupational Therapist Family Relationship and Collaboration During the Pandemic Process

Corona Diaries with Zoom: Occupational Therapy Interventions VIII:

Erg. İrem Hayta: Occupational Therapist Support and Family Relationship in Premature Babies with Special Needs during Covid-19

Erg. Sedanur Yılmaz: The Effect of Sensory Dietary Suggestions to be Applied in the Pandemic Process on Daily Living Activities

Erg. Begüm Mine Doğan: Problems Encountered by the Hearing Impaired During the Pandemic

Erg. Beyza Bilsel: Perspective on Children in Need of Protection and Occupational Therapy Practices in the Corona Period

Corona Diaries with Zoom: Occupational Therapy Interventions IX:

Erg. Nihan Yurdadon: Activities that Can Be Done at Home for Hemiplegic Individuals in the Covid-19 Process

Erg. Büşra Ağcan: Interaction-Based Practices in Autism Spectrum Disorder in the Pandemic Process

Betül Banu Akkoç: The Effects of Occupational Therapy and Child Yoga Synthesis in the Pandemic Process

Erg. Özge Özgenç Gür: Occupational Therapy Applications in Attention Deficit and Hyperactivity Disorder During Quarantine

Corona Diaries with Zoom: Occupational Therapy Interventions X:

Erg. Emre Savaş: Why Uskudar University Why Occupational Therapy?

Erg. Mehtap Kılıç: Improving Visual Perception Skills in Individuals with Dyslexia During the Pandemic

Erg. İrem Nur Soylu: Department of Occupational Therapy from the Occupational Therapist Perspective

Erg. Gülin Gürsel: Communication with Cognitive Affected Individuals During Quarantine

Erg. Amine Kalkan: Clinical Planning and Creating a Therapy Plan in the Covid-19

Erg. İsa Kör: Job Opportunities and Future of Occupational Therapy

Corona Diaries with Zoom: Occupational Therapy Interventions XI:

Erg. Berfin Demirci : Covid 19 and Occupational Therapy: Preparedness for and Coping with Epidemics

Erg. Esra Alan: Handling the Covid 19 Epidemic within the Framework of Biopsychosocial Model and Ergotherapy Interventions to Improve Well-Being

Erg. Esra Pekel: Occupational Therapy Interventions at Home in the Covid 19 Process Acute Period Positioning Training in Individuals with Stroke
